TESTIMONIAL FOR BNI MEMBER

I would like to take the opportunity to provide a glowing testimonial for the work of Gary Skentlebury of Orbit News Print

Gary has recently undertaken a number of jobs with and on behalf of our company. We received fantastic value and service with a great offer on the delivery of 5000 leaflets to a targeted area of Warrington. Gary also ran a fantastic article on a property that we are selling that has a wonderful story behind it, to assist in the sale of the property. The property owners were very complimentary of the article, the way it was presented and indeed the personable and skilled approach that Gary employed.

I am hoping to work closely with Gary and his business as my company develops further, largely due to the quality and efficiency of work completed to date.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Danny Inman".
